Nuras Al - Sharq

Our Innovative Energy
is Limitless

We, Nuras Al-Sharq Industrial Gas Factory
is one of the main suppliers if Industrial Gas
in the Eastern Province of KSA

COMPANY OVERVIEW

Nauras Al- Sharq is one of the leading and most pioneering Industrial Gases Producers and distributors in Saudi Arabia. Creative in the field of Industrial , Medical , High purity , Specialty Gases , Mixtures as well as granting Welding Electrodes and Welding Equipment in Various types and sizes .

Our passion and Strategy for Excellence and progress push us to keep up with our best ambition to move forward in steadily and constant steps towards ongoing leadership for the coming decades.

Our History

Nauras Al-Sharq begins its fantastic history in 2005 as a distribution Establishment and within few years and as a sign mark for Excellence, we Founded Nauras Al-Sharq Industrial Gases Plant in 2018. Since then, Nauras Al-Sharq has steadily progressed until it is currently counted as one of the giant producers, leading Factories in this significant field.

Our mission

We are committed to provide high quality services to the customer in order to meet their needs .We support our Clients on the post-sale requirements, I am sure we can cater to your service requirements for the projects executed in Saudi Arabia.

We provide Remodels and Renovations
Cost-effective, high-quality projects

ABOUT US

Nauras AL- Sharq Industrial Gases Factory is one of the outstanding and pioneering Manufactures and Distributors of Industrial, Medical, High purity, Specialty Gases, Gas Mixtures and various types and sizes of Welding Electrodes and Welding Equipment.

- We have been contracted by many Corporate Clients and projects to supply and refill Industrial & Medical Gases for them

01

Nauras, founded in 2018 with----- Saudi Riyals investment.

02

We are ISO190422036621 Certified Factory and our quality Management System is fully implemented, so that our valued customers are entitled to the best quality and service ever.

03

Nauras Gases has steadily progressed and flourished and it is pushing hard for being in the premier place in the field of Industrial Gases.

04

We assure our customers the best quality, competitive prices and Excellent Timing Delivery as one of the hallmarks of our Factory.

05

Our staff is professional and well-trained so as to meet our customers' Satisfaction and Expectations.

Our Products

Check out our latest products. We grant our valued Customers their requirements of various types of Industrial & Medical Gases at our Factory, located at the 3rd Industrial City - Dammam. Among the products we are affording to our customers:

- Oxygen Cylinders & Clusters

Overview: Oxygen gas can be utilized in industrial and medical applications, such as production of steel, plastics, textiles, welding and cutting of steels and other metals, oxygen therapy and life support systems.

Product Specifications

Cylinder size	Cylinder volume	Valve pressure	Standard valve (CGA)	Cylinder Color	GRADE
k	40Ltr.	2000PSI	540	Green	Industrial
K	40Ltr.	2000 PSI	540	White	Medical
K	40Ltr.	2000PSI	540	White	Medical
M	20Ltr.	2000PSI	540	White	Medical
F	10Ltr.	2000Psi	540	White	Medical
E	5Ltr.	2000Psi	540/pin 870	White	Medical

- Nitrogen:

Overview: Nitrogen gas can be used in chemicals, petroleum industries, storage tank purging and vessel inert applications, electronic and metals industries etc.

Product Specifications

Cylinder Size	Cylinder volume	Valve pressure	Standard valve outlet(CGA)	Cylinder color	Grade
K	40 Ltr.	2000 Psi	580	Blue	Industrial
K	40 Ltr.	2000Psi	580	Blue	High purity
K	40 Ltr.	2000Psi	580	Blue	Ultra-High Purity

- Argon :

Overview: Argon gas is principally used for its properties as an inert gas in applications including arc welding, steel making, heat treating, and electronic manufacturing.

Product Specifications

Cylinder size	Cylinder volume	Valve pressure	Standard Valve outlet (CGA)	Cylinder color	Purity Grade
K	40 Ltr.	2000Psi	580	Grey	Industrial
K	40Ltr.	2000Psi	580	Grey	High Purity
K	40Ltr.	2000Psi	580	Grey	Ultra-High Purity

- Acetylene :

Overview:

Acetylene gas is the most efficient of all fuel gases. It is mainly used in industries applications as cutting, welding, flame straightening and brazing.

Product Specifications

Cylinder size	Cylinder volume	Valve pressure	Standard valve outlet(CGA)	Cylinder color	Purity grade
Big	40 Ltr.	5 KG	300	Orange	Industrial
Small	10 Ltr.	0.5 KG	200	Orange	Industrial

- Carbon Dioxide :

Overview:

Carbon dioxide is utilized as a shielding gas in the arc welding process, a refrigerant, in the fire Extinguishers, for inflating rafts and life jackets, foaming rubber and plastic, promoting the growth of plants in greenhouses, and in carbonated beverages.

Product Specifications

Cylinder size	Cylinder volume	Valve pressure	Standard valve	Cylinder color	Purity grade
K	40Ltr.	25KG	320	Silver	Industrial
K	40Ltr.	25 KG	320	Silver with one red ID.	Medical
E	40Ltr.	2.5 KG	320/PIN940	Silver	Medical

- Helium :

Overview:

Helium gas is applied as an inert gas in the arc welding process, and due to its low specific gravity, it is exploited in filling balloons and blimps. High purity of Helium can be used as carrier gas for Gas Chromatography. Mixture of helium and oxygen are used as a breathing gas in deep sea diving.

Product Specifications

Cylinder size	Cylinder volume	Valve pressure	Standard valve	Cylinder color	Purity grade
K	40Ltr.	2000psi	580	Yellow & Black	Industrial Grade
K	40Ltr.	2000psi	580	Yellow & Black	High purity Grade
E	40Ltr.	2000psi	580	Yellow & Black	Ultra High purity Grade

- Hydrogen :

Overview:

Hydrogen is widely harnessed in petroleum refining process such as hydro-treating, catalytic reforming and hydro-cracking. It is a raw material for many chemical processes ranging from manufacturing high density polyethylene and polypropylene resins to the hydrogenation of food grade oils. Hydrogen is also exercised as a reducing gas in metals processing operations.

Product Specifications

Cylinder size	Cylinder volume	Valve pressure	Standard valve outlet(CGA)	Cylinder color	Purity grade
K	40Ltr.	2000Psi	350	Red	Industrial Grade
K	40 Ltr.	2000Psi	350	Red	High purity Grade

مصنع نورس الشرق للغازات الصناعية

Nauras AL- Sharq Industrial Gases Factory

Making your vision become a reality.

Our Vision

Leading the way to a strong and vibrant rural community through the safe, efficient and reliable delivery of natural gas products.

Our Values

Integrity - We're honest, transparent and committed to doing what's best for our customers and our company. It is the defining quality of our people and our work. We strive to do the right thing always, act truthfully and honourably.

Safety - Our first priority in everything we do is to ensure the safety of our staff, our members, and the public.

Teamwork - One company, one team, one vision. We work together to achieve our goals and to celebrate our successes.

Our Innovative Energy is Limitless
